ارمین پلاستیک سبز
armin caps

First manufacturer of plastic closure in Iran
Since 1995

Armin Plastic Sabz Co (Armin Caps) has been engaged in designing and supplying an excellent array of Short Neck CSD 1881 Caps which provide up to %30 lower cost for manufactures on PET weight .

This cap is manufactured by using high quality plastic that has extended durability. It has slitted and fold design finish that reduce band breakage while closure handling and application, whilst providing contamination protection. It is ideal for short bottle neck and is easy to use. It has wide variety of colors to match perfectly with any 1881 PCO bottle size with a variety of prints option from 1 to 3 colors.

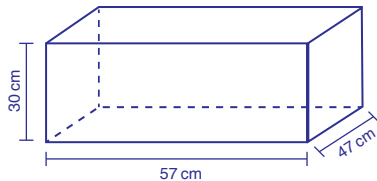

Short Neck CSD 1881 Cap is checked on various quality parameters to ensure its fine finish.

Features:

- Three-point seal to protect product integrity and safety.
- The slit flex band provides reliable tamper evidence, assures the integrity of the product and breaks reliably after first opening
- Suitable for long term storage.
- Print up to three tones on the cover for decoration.
- No CO2 leakage and longer shelf life 100 times more than water closures.
- Withstand pressure up to 12bar of CO2 .
- Crack resistance.
- Accurate shape that fits tightly.
- Quick and easy to open with consistent removal torques.
- Beautiful design.
- The closure is suggested for all climate zones.
- With Two outer shell designs to chose from, 24/120 Knurls (Coca Cola design) and 120 Knurls (Pepsi design).
